

Suma Inox

Stainless steel polish

D7.1

Description

Suma Inox D7.1 is a ready-to-use one-step light duty cleaner/polish for use on stainless steel surfaces that are not used for the preparation of food.

Key properties

Suma Inox D7.1 contains a special blend of oil and surfactant to provide a long-lasting protection and shine to stainless steel surfaces such as the exterior of fridges, freezers, ice making machines, utensil washers and other stainless steel surfaces.

Benefits

- Gives shine back to stainless steel surfaces
- Removes spots and marks from the surface
- Resists finger marks to maintain that just polished appearance for longer.
- Leaves no sticky surfaces

Use instructions

Suma Inox D7.1 is ready to use, and should be sprayed onto a soft dry cloth or paper. Make sure the treated surface is dry and polish to a lustrous shine.

Technical data

Appearance	White milky liquid
